Ms. Wood:

Attached is my amended Patent Application, Control No. 10/065,872 dated 03/10/2006 in response to your Office communication dated 07/16/04. I have initiated the following action summarized below:

1. I have removed all of what you may consider to be "new matter" from my two Figures completely that are not specifically mentioned in my original specification and/or the six (6) Claims, which were fully Paid For to the USPTO at that time. My original patent application was submitted using USPTO software on line on November 26, 2002.
2. I have removed all words from my revised patent application, dated 03/10/06 that I could not find in my original application, which was accepted by the USPTO software on line on November 26, 2002, using the USPTO software.

As an example, I have made the following changes to the two Figures included with my Patent application:

Figure 1: notations 1, 2, 3, & 4 have been left because I could find specific words about these notations in my original spec. submittal. Items 5, 7, & 8 have been removed as being "new matter" because I could not find these items specifically mentioned in my original spec. Notations 9 and 10 are general information notations on all Figures or drawings. I could remove Notations 9 and 10 and those in the design or construction business could still build the invention.

Figure 2: All detail notations have been removed from Figure 2 because I found no mention of these details in my original submittal. I left Figure 2 in my submittal because I had mentioned gyroscopes often in my initial submittal.

As far as the text of my currently amended submittal dated 03/10/06, I deleted all words that I could not find in my original submittal dated 11/26/02.

Sincerely,

  
Wilbur E. Harrison, Jr., P.E.
